Customer Problem Statement

I am	Customer and their attributes	An employee who needs to report a workplace or technical issue and uses the Employee Center portal (ServiceNow) to raise a request.
I'm trying to	What the customer is trying to achieve	Submit my issue with the correct details, get it to the right team, and have it resolved as quickly and easily as possible.
but	Problems or barriers	The process can be confusing, involves multiple steps, unclear categories, and I don't get timely updates on the status.
because	Root cause of the problems	Issue reports often require approval, proper categorization and routing to the correct team, which can lead to delays and lack of visibility.
which makes me feel	Emotions caused by the problems	Frustrated, uncertain and anxious when my issue takes too long to be resolved or when I don't know the current status.

Combined Customer Problem Statement

I am an employee who needs to report a workplace or technical issue. I'm trying to submit my issue quickly and accurately through the Employee Center portal, but the process can involve multiple steps, unclear categories, and difficulty tracking the request because issue information may not be standardized and updates may not be easily visible, which makes me feel frustrated and uncertain about when my issue will be resolved.
